BENEFITS OF CHRISTIAN EDUCATION

Fostering Spirituality

One of the main reasons families consider a Christian education is to help their children cultivate a closer relationship with God. At PASSAGE Christian Academy you will find yourself surrounded by people who are also on a journey to understand their own personal relationship with God. This religious community can help your child with their blossoming religious identity.

Worldview With A Christian Perspective

At PCA we integrate a Christian worldview in our teaching and learning with the hope that our students will adopt a Christian worldview. We hope to teach our children to interact with people of all faiths, holding true to what they believe and why they believe – all through the lens of a Christian worldview. It is through the teaching of a Biblical worldview that our students understand that the world is much larger and they begin to think globally. We take very seriously the cultivation of a deeper understanding and appreciation of the importance of living out one's convictions, and sharing them with others in an inviting and winsome way. Our curriculum support these efforts.

OUR PRINCIPAL

Dr. Fred W. Ball, Jr., of Decatur, Georgia serves as Principal & Chief Administrator of PASSAGE Christian Academy. His background encompasses many areas including applied Christian Worldview, Apologetics, Curriculum Development, and Athletics. He holds a Ph.D. in Christian Thought from the American University, a Master's Degree in Theology from Luther Rice University, and a Bachelor's Degree from Georgia State University.

Dr. Ball has tirelessly steered the academy toward excellence in academics, athletics, and extra-curricular activities. During his tenure, P.C.A. students have been meritoriously cited in Speech & Debate, the MLK Spelling Bee and Brain Bowl, as well as in Basketball with the Florida Private School Athletics Association.
